In **Clovena Nurseries** "Home of the Pansy and Gladiolies" we have demonstrated that we can grow finer and better pansies both as to quality of bloom and vigor of plants, cheaper by reason of the natural advantages of soil and moisture, than any grown in this country. We are growing over 100 distinct colors and varieties. The wonderful root development in our plants, as shown in accompanying half-tone, is caused by the natural character and condition of the soil. We are prepared to grow plants under contract from seed furnished or our own at special prices. **Strong stocky plants from seed bed ready in September at following prices.**

HEADQUARTERS FOR PANSY

SEED

♣ ♣ CROP 1903 ♣ ♣

EVERYTHING KNOWN IN PANSIES.

We have added all the Novelties in Pansies this season to our already Complete Collection. We can truthfully continue to state that we have "EVERYTHING KNOWN IN PANSIES," as this list contains the cream of over twenty growers and specialists in pansies abroad and at home, and comprises the largest collection of varieties and strains in the world.

QUANTITY. We annually sell more pounds of Florist's Pansy Seed than any half-dozen large seed houses combined in this country, and hence offer many kinds that cannot be had elsewhere. We can, consequently, supply first-class stock at lowest prices. We should be pleased to make estimates to those *dealers* and *seedsmen who buy by the lb.* if a list naming kinds and quantities of each required is furnished.

QUALITY. Only the best and purest seed are used for seed stock from which to grow our supply, by Pansy specialists, on special commission houses. Our stock should not be compared with cheap imported seed from continental dealers who supply domestic commission houses. Such stock can be obtained for less than half what it costs to produce our *florist's* stocks.

Grand Pansy Headquarters

We furnish many thousand Florists with their entire supply of Pansy and other Seeds every year, with perfect satisfaction. To responsible Florists who have never planted our seeds we suggest that they take advantage of the

SPECIAL FEATURE, "Order Plant, then Pay,"

which we inaugurated in 1892, and FILL OUT THE BLANK on opposite side and receive our

Grand Pansy Introduction Collection, No. 2736,

for 1903, greatly improved. It comprises one regular packet, each of 125 seeds (in all 6,750 seeds), of the fifty-four kinds and strains enumerated in section 2, page 3, Special Pansy catalogue for 1903. The actual value of this collection of fifty-four packets at our wholesale price is \$3.23, and at the regular seedsmen's prices would cost over \$6.00, and at other pansy specialists' 1,000 seed rates, for mixtures, would cost over \$4.00. Our price is only \$2.00 prepaid on the foregoing liberal terms. This is the finest collection of Pansy seeds ever offered. Many who grow their own seeds order this collection year after year from which to grow the stock plants. Pansy plant growers plant largely of our strains, as the stock always sells. We invite comparative and competitive trials.

P. S.—Cash Offer: If cash (\$1.75) accompanies this blank we allow 25 cents off above price.

THE BEST PANSIES FOR FLORISTS.

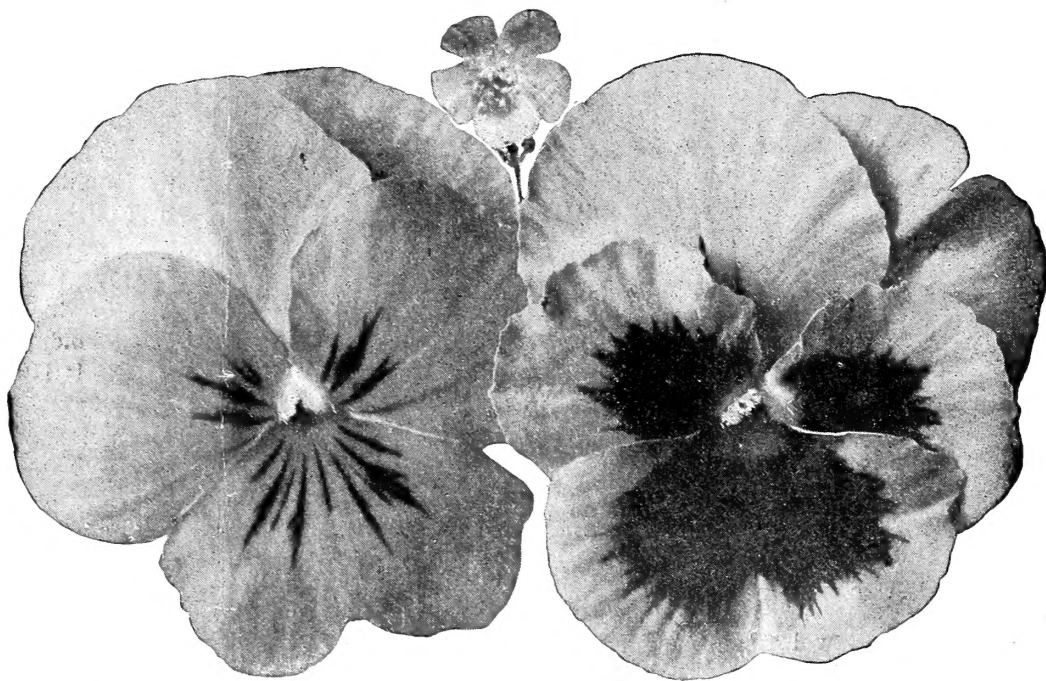

OUR BLENDS

Our seeds are grown and saved in separate colors and strains, and blended after harvest by set formulas, thus securing uniform mixture that can be depended upon. This season we have again improved each blend by discarding old kinds for improved sorts and adding many new colors and markings, without advancing the old popular prices.

2632. NEW YORK GIANT MARKET BLEND.—A mixture of robust, hardy, free-flowering giants of fine colors, with a good percentage of yellow, blotched and light grounds. We grow and harvest the seed in separate kinds and colors from the best large-flowering plants, and make the stock up from a set formula by blending the proper quantities of each together, thus securing an even and uniform strain that is so popular and in great demand around New York City. While the blend will not produce the variety of colors and flowers of as great substance as our New York Fancy Show Blend No. 2710, it is a very fine mixture of large flowering kinds, and suitable for florists who need a real first-class stock and yet compete with rivals at moderate prices. For illustration from photo reduced, see page 2. Price of seed, prepaid, packet of 125 seeds, 7 cents. Trade packet, 2,000 seeds, 50c. Trade packet, 5,000 seeds, \$1.00. Ounce, \$2.50. Strong plants, 100, 40c.; 1,000, \$2.00; 2,000, \$3.50; 5,000, \$7.50.

2709. NEW BUTTERCUP BLEND.—This is an extra mixture of yellow and golden-flowering kinds selected from all races, and is grown and treated the same as 2632 to secure uniform quality. We guarantee that every plant will produce flowers with yellow or gold in them—from solid yellow in different shades, to spotted, marbled, blotched and banded flowers in fire and gold. Where the fashion requires yellow in pansies, this is the best for florists' use and far ahead of the yellow kinds offered for this purpose, it being varied in the shades of yellow and gold. Price of seed, prepaid, packet of 125 seeds, 8c. Trade packet, 2,000 seeds, 60c. Trade packet, 5,000 seeds, \$1.20. Ounce, \$3.00. Strong plants, 100, 40c.; 1,000, \$2.25; 2,000, \$4.00; 5,000, \$8.75.

2710. NEW YORK IMPROVED FANCY SHOW BLEND. For variety of color, shades and markings it has no equal as it is made up after harvest from 60 best and newest colors, besides over a dozen celebrated strains and mixtures selected from all classes and races, with the principal object of getting the best bloom of extra substance and perfect-formed giants in the

choice of dark colors and shades. Over 100 distinct colors and markings are produced from this blend, many of which are exhibition, and therefore it is the best High Grade Florists' Mixture ever offered. We have many customers who write that this blend produces better and more colors than the \$8.00 to \$12.00 mixture offered by other seedsmen. We have again improved it by adding many new colors this year, but keep to the popular old price of 125 seeds, 10c. Trade packet 2,000 seeds, 80c. Trade packet, 5,000 seeds, \$1.60. Ounce, \$4.00. Strong plants, 100, 50c.; 1,000, \$2.50; 2,000, \$4.50; 5,000, \$10.00.

2737. PRIZE MEDAL AWARD.—We offer this mixture to fill a demand for strictly fancy exhibition prize stock, and recommend it to those who wish to exhibit at high-class shows or those who take great pains in the growth and development of the pansy. It is made up from seed saved from numbered and named prize-awarded plants of rare blotched kinds, penciled and marked in greatest perfection, so desirable, yet so difficult to develop. It does not contain any selves or as great a variety of colors as our Fancy Show Blend, No. 2710, and is not intended for ordinary bedding or florists' sale stock, except those who have a critical trade and can get the proper prices. With ordinary care and culture, or with the masses, it will be a disappointment, but under special care and cultivation, mammoth round flowers of surpassing substance and quality will be produced. Packet, 125 seeds, 30c. Trade packet, 2,000 seeds, \$2.40. Trade packet, 5,000 seeds, \$4.80. Ounce, \$12.00. Strong plants, 100, 80c.; 1,000, \$6.00; 2,000, \$10.00.
